

The Norwood Society takes the protection of children and vulnerable adults very seriously and our policy with regard to it is in line with best practice and current legislation.

The Norwood Society comes into direct contact with members and non-members through its meetings and other public events in public venues. The Society's business is conducted primarily with adult members and local residents. It does not ordinarily come into contact with children though they may attend Society events when they would be under the care of a responsible parent or other adult. The society keeps members informed of its events using email messages.
